Chairman's Chat

I am writing this at this end of unprecedented warm weather for February and have had the pleasure of being on the river. I helped a friend move his boat on a perfect day, blue cloudless sky and 18 deg.

However some of you will be getting ready for your first trip of the year. Don't forget to change the engine oil and filter, which really should have been done at the end of the season. Also fit new fuel filter(s) Check all hoses, water, fuel and toilet. Are all the seacocks in working condition? Change suspect batteries. And don't forget the new requirement about fitting a CO alarm if not already fitted. Are your steering and gear selector controls in good condition?

Having done the above you should be set for a trouble free year.

Our first cruise of the year is to Beccles and as of now we have nine boats booked in at the Yacht Station. A record I think.

The cruise and dinner in May is booking up very well and it should be an excellent event. Also the cruise to the northern Broads is receiving a lot of interest, more details in the coming months.

At our meeting on March 29th at The Lodge I have managed to secure a talk by officers from Border Force. This will be an informal presentation as it is not a thing they normally do, but will be a very informative meeting.

Our very underworked editor desperately needs articles for Broadly Speaking. Have you a tale you can share with us? It does not necessarily have to be connected with boats, just something you think may be of interest to other members.

If there is an event you would like us to organise just let us know and we will try our best. This is your club run for your enjoyment.

Have an enjoyable summer on the water.

Roger.
Chairman.

Sunday Lunch

What better thing can you think of on a bitterly cold and windy Sunday than to get together with friends and have lunch at a country pub. This is just what twenty two of us like-minded people did at the end of January.

This was our best ever turnout for this event.

We gathered in the bar and bought our drinks and then proceeded into the restaurant. We had a choice, either the carver or off the menu. I think everyone chose the carvery. By all accounts this went down very well with compliments on the quality and flavour of the food.

Our raffle lady, Beryl, did a sterling job and we had a good number of prizes to hand out.

After we had finished eating much discussion went on, mostly related to boating, what else!

I think most people managed to get home before the snow and rain showers got a grip.

Roger.
